AAU Library Holds Introductory Course

The AAU Library at Abu Dhabi campus, in cooperation with the Deanship of Student Affairs, held an introductory course for new students to familiarize them with the services and processes of the library including borrowing books and conducting research using the resources provided by the library.

The Library supervisor, Mrs. Lina Abu Libdeh, provided an overview of the library resources while highlighting the use of electronic resources and their significance in enriching the students' research; in addition, she also explained the library policies and regulations regarding using the services.

The AAU library provides a large number of books in all disciplines offered by the university in

addition to a number of references that will help students conduct research. Further, the library provides electronic resources in cooperation with the largest international publishing houses in order to keep the students up to date with the latest developments in the world of science and technology.
