## AAU honors the Training Institutions of Engineering Students

Within the keenness to promote its relations with different training institutions, Al Ain University of Science and Technology honored a group of institutions that cooperate with AAU to train the students of the College of Engineering. Prof. Ghaleb El Refae (President, AAU) honored them in the presence of Dr. Nazih Khaddaj Mallat (Dean, College of Engineering), Dr. Ibtehal Aburezeq (Dean, Student Affairs), and a number of academic staff from the College.

Prof. El Refae said that this honoring is an appreciation to the efforts of the training bodies who worked to achieve the highest level of training for our students. He added, these institutions tried to apply the modern theories of training to achieve the practical benefit of the student.

For his part, Dr. Khaddaj Mallat praised the efforts of the training institutions to achieve the highest standards of efficiency in the practical training of the College of Engineering students at the Al Ain University, and wish more fruitful cooperation between all parties and at all levels.

It is worth to mention that, Al Ain University of Science and Technology is keen to provide opportunities for students to cooperate, participate and interact with external institutions through practical training, in order to provide them with diverse experiences, enhance their skills and qualify them to enter the labor market.
