AAU participates in the Higher Education Exhibition

Al Ain University of Science and Technology represented by the Student Recruitment Unit participated in the International Exhibition and Conference Higher Education 2019, which was held at Riyadh International Convention & Exhibition Center

The university presented its academic programs of 15 bachelor programs and eight master's programs in addition to the professional diploma in teaching from pharmacy, engineering, law, education, business, communication and media. Students and visitors had a look on the electronic services provided by the university, including e-portal, e-registration and smart application, which aim at facilitating the academic system for students and providing the maximum information. They also had a look on the facilities and services provided by the university to its students to meet their cognitive, emotional and professional needs.

The aim of the participation was to attract students from the GCC countries and to provide them with the opportunity to receive high quality education, obtain an internationally accredited certificate from the highest academic accreditation institutions and provide all facilities to meet

their methodological and non-curricular needs.

Mr. Rami Kayed, Student Recruitment Unit Manager, said that Al Ain University of Science and Technology is keen to participate in different exhibitions to enhance direct communication with students and reflect a bright image of the university at all levels.
