## **Academic Visit Enhances Cooperation Between Al Ain University and October University**

As part of Al Ain University's commitment to expanding its academic partnerships and strengthening regional collaboration, Professor Dr. Ghaleb El Refae, President of Al Ain University, paid an academic visit to October University for Modern Sciences and Arts (MSA) to explore prospects for joint cooperation in academic and research fields.

Professor Dr. El Refae was received by Professor Dr. Nader El Bakly, President of October University for Modern Sciences and Arts, along with Eng. Inji Mansour, Director General of Human Resources. During the meeting, constructive discussions were held on enhancing bilateral cooperation, developing academic programs, and supporting scientific research, in a manner that contributes to advancing the quality of higher education and promoting the exchange of academic expertise.

The visit also included a tour of several colleges and laboratories at MSA University, during

which Professor Dr. El Refae was briefed on the advanced academic facilities and modern infrastructure, reflecting the university's vision to keep pace with developments in higher education and meet labor market requirements.

At the conclusion of the visit, the President of October University for Modern Sciences and Arts presented the university's shield to Professor Dr. Ghaleb El Refae in appreciation of his visit, reaffirming the strength of academic relations and the mutual commitment of both institutions to building a sustainable and effective partnership that serves their shared academic objectives.
